DATASHEET

edding 8890 mechanical carpenter pencil

HB 1pc blister

- Mechanical carpenter pencil in practical holster for markings on various surfaces such as wood, cardboard, stone or concrete
- Extra robust aluminium barrel
- The replaceable rectangular lead (2x5 mm) works especially well on hard and rough materials and allows a precise edge guide
- Ready-to-use product, HB graphite lead included
- Refillable with edding 8891 refill leads, available separately (set of 6) in the hardnesses HB and 10H for a variety of surfaces

Highlights

- Refillable, long-lasting alternative to the classic wooden carpenter pencil
- Rectangular lead prevents breaking
- Protective holster with practical clip to easily attach the pencil on work clothes, for ready-to-hand use of the pencil
- The lead tip can be easily sharpened / formed with the help of sand paper or a hard stone
- Push mechanism automatically pushes the lead forward
- Hexagonal shape of the barrel prevents rolling away
- Leads in different degrees of hardness available for markings on various surfaces
- Durable and refillable product
- High-quality brand product

Accessories
